- Metering tip packet
- Primer hose

Typical Applications Include

- Healthcare Facilities
- Schools and Universities
- Government Facilities
- Large Retail/Malls
- Shopping Malls
- Factories
- Airports
- Retail Stores

Cleaning hard surfaces and fixtures is a snap with the multi-functional Reel Cleaner®. Designed as a touchless cleaning system, timely manual wipe-downs are a thing of the past.

The Reel Cleaner makes touchless cleaning more convenient. Its unique reels are designed to store each of the hoses, eliminating tangle hassles and reducing storage space. The compact size of the Reel Cleaner allows for easy maneuverability and good sight lines for transporting. In addition, a clean water sight gauge assists in monitoring the amount of water in the tank and enables dumping the tank without plugging in the machine.

Using the Reel Cleaner increases productivity and employee moral. Tedious, time consuming tasks of wiping down fixtures, scrubbing hard to reach areas and dusting difficult surfaces are eliminated by the ability to spray or blow dirt away. The Reel Cleaner has a 25 gallon clean water tank, enabling more area to be cleaned before dumping and refilling the tank. The ergonomic handle is adjustable so operators can move the machine with ease.

The Reel Cleaner is designed with Total Clean® technology in mind. Equipped with a standard accessory kit, the Reel Cleaner has a storage place for each accessory. There are two chemical bottle wells designed to fit round or square bottles. The housing for the motor and pump is easy to access for maintenance. Not only is the Reel Cleaner designed to clean better, it is also easier to clean and maintain.

The Reel Cleaner, combined with the chemical of your choice, makes touchless cleaning of restrooms, kitchens, locker rooms, stairwells and other non-absorbent areas effortless, improving cleanliness and productivity.

Reel Cleaner®

All-Purpose Restroom Cleaner

The spray gun makes dirt removal easy in hard to reach areas and allows for quick rinsing of surfaces.

Soils and contaminants are vacuumed from the floor leaving the area clean and dry.

Clam-Shell design allows easy access to motor and pump.

Solution gauge for monitoring amount of solution in the tank or for emptying.

- 1 Ergonomic handle is adjustable to operator height or for storage
- 2 Round and square chemical bottles fit on the machine
- 3 Storage place for each of the standard accessories
- 4 Reels for easy storage of hoses
- 5 Drain hose allows for dumping into a commode or slop sink
- 6 Solution and blower nozzles are recessed to prevent damage
- 7 The casters have a brake so the machine stays in place while cleaning

Defining Cleaning Innovation...

- Our products are designed using innovative technology that increases productivity and drives down the cost to clean.
- You can get expert service and maintenance for your Advance machines from factory-trained personnel around the world. Fast parts delivery, too.
- Maintain peak performance with Nilfisk Parts.

Technical Specifications

Model	Reel Cleaner®	
Vacuum Motor	115 V / 60 hz, 12 amp, 1,400 W, three-stage	
Waterlift	117 in (297 cm)	
Air Flow	100 cfm (2,832 L/min)	
Tank Construction	Rotational Molded Polyethylene	
Solution Tank Capacity	25 gal (95 L)	
Recovery Tank Capacity	22 gal (83 L)	
Application Flow	300 psi @ nozzle, 1 gpm	
Solution Hose Length	50 ft (15.25 m)	
Recovery Hose Length	25 ft with 1.5 in diameter (7.5 m x 3.8 cm)	
Blower Hose	13 ft (4 m)	
Power Cord	50 ft safety yellow with GFCI (15.25 m)	
Rear Wheels	2 - 10 in (25 cm)	
Front Casters	2 - 4 in (10 cm) w/brake	
Dimensions	Length -	36 in (91 cm)
	Height -	40 in (101 cm)
	Width -	21 in (53 cm)
Weight	Net -	135 lb (61.2 kg)
	Shipping -	180 lb (81.5 kg)
Model Number	56108050
