

CarpeTrier™ 28

Large Area Vacuum

Advance

FACT SHEET

TYPICAL APPLICATIONS INCLUDE

- Hospitality Industry
- Contract Cleaners
- Institutions
- Educational Facilities
- Nursing Homes

OPTIONAL ACCESSORIES INCLUDE

- Microstat® filtration kit
(filters to 99.94% efficiency on .3 micron particles)
- Disposable paper filter/collector bags

Designed for large carpeted areas, the CarpeTrier™ 28 thoroughly vacuums a 28 inch (71 cm) path in one pass. No need for back and forth movement.

The CarpeTrier™ maneuvers easily around obstacles. Its motorized carpet brush helps propel the machine, minimizing operator fatigue, and it adjusts to any carpet pile. The chevron bristle pattern draws dirt to the vacuum intake for efficient cleaning.

A ½ hp brush motor drives the carpet brush at 1,300 rpm for effective dirt and debris recovery. Squeeze-grips control the brush on/off.

The dual 1½ hp vacuum motors provide generous pick-up power for thorough cleaning. Both motors are protected from dust by secondary filters, which remove easily for cleaning and inspection. (An optional Microstat® filtration kit provides 99.94% effective filtration of 0.3 micron particles.)

The standard cloth filter/collector bag on the CarpeTrier™ is big, holding over 1 bushel (39.5 L), and giving more productive cleaning time. Paper bags are also available, and a hinged access door gives easy access to change or empty the bag.

Simple fingertip controls make operation easy, and a built-in hose and wand on the CarpeTrier™ adds convenience for off-the-floor cleaning.

Ask for details on the CarpeTrier™ 28.

Advance CarpeTrier™ 28

Large Area Vacuum

Dual vac motors provide great pick-up power. Filters protect motors, remove for cleaning.

Easy-to-operate controls include squeeze-grip brush on/off, vac motor switch, wand selector.

Top-loading collector bag assures max capacity. Disposable paper bags available.

Built-in hose and wand is perfect for quick, off-the-floor clean-ups on steps or furniture.

Optional Microstat® filter available
(99.94% efficient on .3 micron particles)

Defining Cleaning Innovation...

- Our products are designed using innovative technology that increases productivity and drives down the cost to clean.
- You can get expert service and maintenance for your Advance machines from factory-trained personnel around the world. Fast parts delivery, too.
- Maintain peak performance with Nilfisk Genuine OEM Parts.

Technical Specifications

Vacuum Motor	Two 1½ hp, single-stage, 115 V/60 Hz
Brush Motor	½ hp, 115 V/60 Hz
Brush Speed	1,300 rpm
Brush	25¼ in (64 cm) long x 2 in (7 cm) diameter, w/nylon bristles in chevron pattern.
Brush Adjustments	Brush has 8 height settings for various carpet piles, and 2-positions to adjust for brush wear.
Collector Bag	1 bushel (35 L) capacity. Cloth bag is standard, disposable paper bags are optionally available.
Vacuum Intake	25½ in (65 cm) wide opening
Noise Level	70 dB A at operator's position
Built-in Hose/Wand	14 in (36 cm) hose stretches to 56 in (142 cm). Wand is 24 in (61 cm) long.
Power Cord	75 ft (23 m) long, 14/3 wire. Yellow color for safety.
Wheels	Two 8 in (20 cm), non-marking rear wheels, two 2 in (5 cm) twin swivel front casters.
Dimensions	Length – 41 in (104 cm) / Width – 29½ in (75 cm) / Height – 38 in (96.5 cm)
Weight	Net – 111 lb (50 kg) / Shipping – 129 lb (58 kg)
Part Number	56 330 020
